RESTRICTED

GO 59 Hq ETOUSA 6 Jun 1944

Prescribed Uniform - I
Award of Legion of Merit - II

I--PRESCRIBED UNIFORM. Section II, General Orders No 56, 29 May 1944, is amended to add a new paragraph 6, reading:

"6. a. The "Combat Unit Commander's Identification", described in subparagraph b, below, is authorized for wear in this theater by all commanders of these elements of the field forces:

"(1) All divisional units.

83rdinfdivdocs.org

"(2) All non-divisional combat units, whose primary role is fighting.

"b. The identification consists of:

"(1) Officers - a strip of dark green cloth, 1" wide, around the middle of each shoulder loop, and under any insignia which may be worn there.

"(2) Non-commissioned officers - a strip of dark green cloth, 5/16" x 2½", horizontally on each sleeve, 1" below the chevron.

"c. The term "commander", as employed herein, includes the commanders of all echelons from the squad to the army, and, in addition, those officers and non-commissioned officers

whose role in combat requires them to exercise the functions of command (for example, the battery executive in a field artillery battery).

"d. The identification is intended to afford recognition to those persons who are successfully bearing the responsibility, and discharging the obligations, of command in combat. It will be worn only while the wearer is actually in a command status and will be removed immediately upon his relinquishment thereof." (AG 421 PubGA).

II—AWARD OF LEGION OF MERIT. So much of General Orders No 47, 12 May 1944, as reads "Colonel Harry F. Flint" is amended to read "Colonel Harry A. Flint". (AG 200.6 MP)

By command of General EISENHOWER:

R. B. LORD,
Brigadier General, GSC, Deputy Chief of Staff.

OFFICIAL:

R. B. LOVETT,
Brigadier General, USA, Adjutant General.

DISTRIBUTION: F

1st Sweet:

Maj Seidler called and said that clover leaves and wood from crates taken from shells unboxed this morning must be returned to Ord depot # 0670, tomorow morning. A Convoy is being formed for this purpose.

He would like an answer, as soon as possible, as to whether or not you would be able to have this material loaded on trucks and be able to roll tomorow morning by 0900.
