

Figure 1 is a 3D bar chart showing the number of respondents by age group and gender. The x-axis represents age groups (18-24, 25-34, 35-44, 45-54, 55-64, 65+). The y-axis represents the number of respondents (0 to 100). The z-axis represents gender (Male, Female). The chart shows that the number of respondents generally decreases with age, and there are more male respondents than female respondents across all age groups.
